## Soft PVC keycap

### Soft pvc keycap, charm and key protection

Soft pvc keychain, comes in many different shapes and specifications.

The most common type is a pvc sleeve that cover the top of the key.

The key is inserted from the top of the sleeve after which the attachment is fixed to block the key inside the sleeve

Soft pvc keycap are very usefull as a key cover to protect, pocket, purse and any items coming into contact with keys, against scratch. Keycap are use a lot in license and gift as key charm.

## Logo process

### 2D PVC Cloisonne

2D, also called 2D relief or multilevel, is the most common and basic quality of soft pvc. Tooling more simple and cheaper, it can be open by regular CNC.

You can have as many different level as you like, but each level surface is flat, like staircase. It is recommended to always make lettering and small details in relief, a level up from the base or background color.
