ENAMEL

Zamac with doming logo process

Metal promo item with doming are most commonly made in zamac (zinc alloy). Metal gift product with doming can also be made or in cheaper metal like iron, when the surface is small enough to stamp a recess. The recess area, (debossed area for sticker insert), is necessary to position the doming label.

Metal promotional product with doming is **the future of the metal ware gift industry and the answer to labor shortage, social and environmental increasing requirements.**

They can also be cheap promotional product in iron stamping in nickel plated like zipper pull, pins, magnet and dog tag.

Finishes available :
